SAM PARMLEY

Mr. Parmley has worked at Blue River Valley since 2013. Before arriving at BRV, he was employed by American Mechanicals and Perdue Heating and Cooling. He has been in the heating and cooling industry since he graduated from Blue River Valley in 1997. As a student at BRV, Mr. Parmley participated on the track team.

Mr. Parmley and Abby Hamilton have three children. Their son, Ian, is a student at Ball State University. Their girls, Reagan and Makenna, are students at Blue River Valley High School.

Sam really enjoys working in a small school environment. He is very hands-on with any problems or work that needs to be taken care of. His philosophy is do it right the first time and your work will show your dedication. When asked about Mr. Parmley, Mr. McCormick (BRV superintendent) remarked, “There aren’t too many people, if any, who know more about our facilities, grounds, and transportation than Mr. Parmley. He puts in a lot of early mornings and late nights in keeping our facilities safe, operational, and looking professional. He also takes care of our fleet of buses and coordinates our transportation needs. He wears a lot of hats at BRV.”

Sam loves to spend time with his family and friends. He also enjoys IU sports, Colts football, Cincinnati Reds baseball, and all types of motor sports.
